APPLICATION FOR OFFICIAL PLAN AMENDMENT

Personal information on this form and otherwise regarding this Application is collected pursuant to the *Planning Act*. Please direct any questions regarding the collection of this information to the Clerk of the Municipality.

In accordance with Section 1.0.1 of the *Planning Act*, information and material required to be provided to the Municipality or other approval authority as part of this Application shall be made available to the public.

A person or public body that applies for an amendment to the Municipality's official plan (the "Official Plan") is required, pursuant to Section 22 of the *Planning Act*, to provide the Application and all other prescribed information and material, together with the prescribed fee, in a form acceptable to the Municipality.

The Applicant shall, further, have regard to policy statements issued under Section 3(1) of the *Planning Act* (please refer, for example, to the website www.mah.gov.on.ca) and any applicable provincial plans in effect.

In accordance with Section 22 (6.1) of the *Planning Act*, the Municipality is required to notify the Applicant, within 30 days of the Application being submitted, whether additional information or material is required to be provided. Failure to submit all required information may prevent or delay the consideration of the Application.

The Applicant is required, prior to the submission of an Application, to contact the Clerk of the Municipality to determine the need for a pre-consultation meeting. Where it has been determined that a pre-consultation meeting is required, the pre-consultation meeting shall occur prior to the Application being submitted to the Municipality.

It is recommended that Applicants consult with their neighbours, ward councillor, stakeholders, and others affected (or that may be affected) by the Application, so as to inform them and area residents

as to the Application and the nature of the Application well prior to the Application being scheduled for public hearing. This will allow all parties to understand the Application and work out contentious issues (where possible) in advance of the public hearing.

SUBMISSION REQUIREMENTS

Study and plan requirements are generally outlined during the pre-Application consultation; if, however, your Application is not subject to pre-Application consultation you are strongly encouraged to contact the Clerk of the Municipality to discuss study and plan submission requirements. If you fail to consult with the Municipality, the Municipality cannot confirm the completeness or accuracy of your Application, which may result in delays.

Please note:

- All plans and drawings must be produced on a page not exceeding 11"x17".
- All dimensions should be in metric.
- Generally, all plans, drawings, and studies required with the Application must be dated, signed, and sealed by a qualified engineer, architect, surveyor, planner or other designated specialist. The Municipality may not review a plan, drawing, or study if this information is missing.
- Electronic copies of all required studies must be supplied on a CD in PDF format. Please ensure that such CD(s) accompany your Application.
- Additional development applications (such as, for example, regarding site plan control or plan of subdivision) may be required in support of the Application.

Supporting information and material to be attached:

- If available, a survey of the subject land (2 copies);
- A planning rationale (9 copies);
- A scale drawing showing the following in metric units (9 copies):
 - the boundaries and dimensions of the subject land;
 - north arrow, scale and legend;
 - the location, size and type of all existing and proposed buildings and structures, landscaping, and parking areas on the subject land, indicating their distance from the front lot line, rear lot line, and side lot lines;
 - the approximate location of all natural and artificial features (for example buildings, railways, roads, watercourses, drainage ditches, banks of rivers or streams, wetlands, wooded areas, wells, and septic tanks) that:
 - are located on the subject land and on land that is adjacent to it; and
 - in the Applicant's opinion, may affect the Application.
 - The current uses on and of land that is adjacent to the subject land;

- The location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public travelled road, a private road, or a right-of-way;
- If access to the subject land is by water only, the location of the parking and docking facilities to be used; and
- The location and nature of any easement affecting the subject land.
- If the application permits development on privately owned and operated individual or communal septic systems and more than 4,500 litres of effluent would be produced per day as a result of the development, then a servicing options report and a hydrogeological report will be required; and
- Any other plans, drawings and studies that may be required by the Municipality.
